

An International Research Conference

Comparative Analysis of Enterprise Data (CAED)

Budapest, Hungary

May 22-24, 2008

Call for Papers

CAED invites submissions of extended abstracts and sessions for its 8th conference on research using enterprise micro data. Topics of interest include, but are not limited to, reallocation, productivity, ICT, R&D, competition, transition, development, labor, adjustment costs, environment, corporate governance, trade, and linked employer-employee analysis. The conference will include keynotes, plenaries, and parallel and poster sessions. It will be held at the Central European University (www.ceu.hu) in downtown Budapest.

Paper abstracts should be 400-600 words, including a description of the data used in the analysis. Session proposals should be short summaries of the topic, data, and authors. Submission indicates that the presenter of an accepted paper will be willing to serve as a discussant. Preference will be given to papers using data from multiple countries and to sessions that consider the same topic in different countries.
